## STEP FORWARD & RE-CONNECT. HANDCRAFTED, BUILT TO LAST AND SUITABLE FOR ANY OCCASION...

My family has been making traditional *English shoes* for longer than anyone can remember. My great-great Grandfather William opened the first Loake factory with his brothers John and Thomas, back in 1880. Today, five generations and more than 140 years later, our legacy as manufacturers of fine, handmade footwear lives on.

From the design bench to the finishing room, each pair is carefully crafted with an uncompromising *attention-to-detail* and infused with the individual *flair, personality, and magic* of our dedicated makers. The famous *Goodyear Welted construction* for which we are known is an intricate process with each pair taking up to 8 weeks to produce. We still believe there is no finer way to make a gentleman's shoe.

Despite our notable *heritage*, we like to think that Loake is very much a *forward-looking* company, and we are dedicated to improving our *sustainable footprint*. All our Goodyear welted footwear is designed to be *repairable* to prolong their lifespan and encourage 'recycling' of footwear over sending to landfill. In recent years, we have also made significant updates to our factory, including replacing the roof in 2017 to reduce heat loss and improve energy performance, adding a *renewable energy system* in 2018, and in 2020 we took the opportunity to convert all our light sources to LED. We're also incorporating *eco-leathers* and *natural materials* into our design and production, as well as using recycled bottles for our stitch threads, with more to come in the future.

Our aim is simply to make the most handsome, comfortable, and durable shoes for *every day* and those *special occasions* and over the past few seasons, we have complemented our *classic designs* with a range of *luxury casuals*. So, whether the next step is a return to the office or working from home; a step towards those next milestones or simply, towards a more mindful, handcrafted purchase, 'The Next Step', will always be in a pair of Loake shoes.

LUXURY VALET BOX

*Our Shoe Care Range*

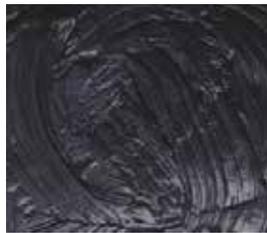

**WITH THE CORRECT CARE AND MAINTENANCE YOUR LOAKE SHOES WILL RETAIN THEIR EXCELLENT APPEARANCE AND COMFORT FOR YEARS TO COME.**

Leather is a natural product so your shoes will benefit from regular application of a good quality shoe cream or wax polish. This will help to moisturise the leather, keeping it supple and preventing drying or cracking.

The Saphir Cream will also provide some protection from staining and bring a shine to the uppers. Before polishing, make sure to wipe over your shoes with a dry cloth first to remove any surface dirt.

**Please note:**

Our Henry belts are handmade in Northamptonshire to match our calf leathers. The William suede belts are handmade in India using the same suede as all of our suede shoes.

Due to the nature of our belt production, you will need to add two inches to your trouser waist size when selecting your belt size.

All of our mens leather belts are measured in inches and are available in 32in, 34in, 36in, 38in, 40in, 42in and 44in.

### Our Retail Support Range

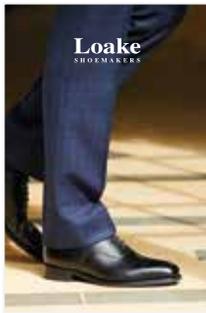

## LOAKE OFFERS A COMPREHENSIVE RANGE OF MATERIAL FOR RETAILERS TO USE WITHIN THEIR SHOP(S).

From large five-tiered display units to our smaller counter top display items, some of which are supplied free of charge, we would like to offer you the ability to showcase our shoes in the best way. Also available to retailers is our latest marketing imagery in high resolution.

Please speak to your local representative or contact Loake directly by emailing [press@loake.co.uk](mailto:press@loake.co.uk) for further details.

### A4 SHOWCARD DISPLAYS

We offer branded Wooden Blocks with an Acrylic Insert Holder to hold your A4 seasonal images. A selection of A4 posters will be made available each season, featuring new campaign imagery or classic Loake craftsmanship.

### CUT-UP SHOES

We can supply cut-up shoes to illustrate the classic Goodyear Welted construction.

### DISPLAY BLOCK

Made from sustainable wooden oak, our new tabletop display blocks will enhance any displays you may have.

### DISPLAY UNITS

Loake display units come in two sizes:

A two-tiered unit that can accommodate up to three styles or a larger five-tiered unit.

*\*New Style*

Our five-tiered unit can either be secured to a wall or attached back-to-back to another unit to make a free standing tower display.
